The drawings were received on December 4, 2003. These drawings are approved.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 24-29 are rejected under 35 U.S.C. 102(b) as being anticipated by Donkin.

Donkin discloses a dual structure bearing housing assembly comprising a first housing portion 42, a second housing portion 46 configured to be slidably joined to the first housing portion and configured to receive a bearing, and at least one key 44 configured to couple the first housing portion and the second housing portion. The first housing portion 42 comprises at least one first guide recess 56 formed in a longitudinal direction along an inner surface of the first housing. The second housing 46 further includes at least one second guide recess 58 formed in a longitudinal direction along an outer surface of the second housing portion. The number of first guide recesses and the number of second guide recesses is the same, with each first guide recess facing a corresponding second guide recess. The key 44 is configured to be mounted in one of the first and second guide recesses, and slidably inserts into the other, and the second housing portion is further configured to slide in the longitudinal direction within the first housing portion in response to a longitudinal force applied to the second housing portion.

Claims 1-23 are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3682

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
